

PL-259 Connector Installation Tool DXE-UT-80P

Patent Pending
DXE-UT-80P-INS Rev 1

This assembly tool allows simple threading of the PL-259 sleeve onto the vinyl jacket of RG-8/U, RG-213/U, LMR-400 and other similar size cables. First properly strip the coaxial cable with the **DXE-UT-8000** or **DXE-UT-8213** Cable Stripping Tool. Place the threaded sleeve of the PL-259 connector over the end of the coaxial cable. Start the coaxial cable end into the body of the connector and make sure all the strands of the center conductor of the cable are inserted into the center pin. Then, use this simple hand-gripped tool - forget about those pliers that scarred the connector and ripped off chunks of metal - and thread the connector body onto the stripped cable end. Tighten the tool until the PL-259 is fully seated on the coaxial cable. A visual guide at the end allows easy viewing of the cable center conductor for proper depth of installation. When the PL-259 is fully on the coaxial cable, remove it from the assembly. This tool allows a perfect and easy connector installation every time!

Properly prepare coaxial cable

Insert coaxial cable into PL-259

Use PL-259 Connector Installation Tool

Verify strands are fully into center pin

Remove tool and you're ready to solder

Warranty

All products manufactured by DX Engineering are warranted to be free from defects in material and workmanship for a period of one (1) year from date of shipment. DX Engineering's sole obligation under these warranties shall be to issue credit, repair or replace any item or part thereof which is proved to be other than as warranted; no allowance shall be made for any labor charges of Buyer for replacement of parts, adjustment or repairs, or any other work, unless such charges are authorized in advance by DX Engineering. If DX Engineering's products are claimed to be defective in material or workmanship, DX Engineering shall, upon prompt notice thereof, issue shipping instructions for return to DX Engineering (transportation-charges prepaid by Buyer). Every such claim for breach of these warranties shall be deemed to be waived by Buyer unless made in writing. The above warranties shall not extend to any products or parts thereof which have been subjected to any misuse or neglect, damaged by accident, rendered defective by reason of improper installation, damaged from severe weather including floods, or abnormal environmental conditions such as prolonged exposure to corrosives or power surges, or by the performance of repairs or alterations outside of our plant, and shall not apply to any goods or parts thereof furnished by Buyer or acquired from others at Buyer's specifications. In addition, DX Engineering's warranties do not extend to other equipment and parts manufactured by others except to the extent of the original manufacturer's warranty to DX Engineering. The obligations under the foregoing warranties are limited to the precise terms thereof. These warranties provide exclusive remedies, expressly in lieu of all other remedies including claims for special or consequential damages. SELLER NEITHER MAKES NOR ASSUMES ANY OTHER WARRANTY WHATSOEVER, WHETHER EXPRESS, STATUTORY, OR IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS, AND NO PERSON IS AUTHORIZED TO ASSUME FOR DX ENGINEERING ANY OBLIGATION OR LIABILITY NOT STRICTLY IN ACCORDANCE WITH THE FOREGOING.
